

ENT EAC
Minutes January 23, 2023

Commissioners attending: Peggy Hartzell, Cassie Shoup, Janice Kelsey, Beth Engle, Diana Cormack; Elizabeth Failor and Chris Giacomponello by Zoom

Also attending Carol Petrow.

The minutes of the last meeting, September 26, 2022, were approved.

Discussion of Clean Up Day; the second Saturday in April is Easter weekend so we need to reschedule. Will confer with the BOS at their next meeting to see if Earth Day Weekend will work, April 22 or 23. Peggy to talk to Beth Intoccia about signs and State Patrol help if possible.

Carol presented a power point on the stream naming project. 100 streams show up on the maps but only 6 are officially named. 7 unnamed streams have local names in use. No named ponds for springs but 7 ponds have local names.

Naming does not change regulatory status, all streams are protected.

There is no cost to submitting proposed names.

Prioritizing names; appears on national map, name in local use, historically significant, local interest, commemorative.

Submitted by Diana Cormack, secretary ENT EAC
